**Subject:** FW: Submission of Demonstration for a Site-specific Alternative to Initiation of Closure Deadline for the Indiana-Kentucky Electric Corporation's Clifty Creek Station  
**Attachments:** Clifty Creek Station - Demonstration for a Site-specific Alternative to Initiation of Closure Deadline.pdf

Hey all (sorry I didn't forward this to you last week Jessica),

I would like us to chat about this demonstration sometime Thursday AM (I can do 9 AM, and 12 (could skip 11 with Michigan)? Friday AM? Let me know what is doable.

Kirsten- can you please upload to RTI if you have not already, thanks

**Subject:** Submission of Demonstration for a Site-specific Alternative to Initiation of Closure Deadline for the Indiana-Kentucky Electric Corporation's Clifty Creek Station

Mr. Huggins:

Attached below is the demonstration for a site-specific alternative to initiation of closure deadline being submitted on behalf of the Indiana-Kentucky Electric Corporation's Clifty Creek Station. This submittal is being submitted pursuant to 40 C.F.R. § 257.103(f)(1) for the two CCR surface impoundments (West Boiler Slag Pond and Landfill Runoff Collection Pond) located at the Clifty

Creek Power Station, and is being provided for your review, consideration, and subsequent approval. Indiana-Kentucky Electric Corporation will be reaching out separate from this email transmittal to arrange a meeting to discuss the attached demonstration in support of its review.

This email transmittal is being submitted to Kirsten Hillyer, Frank Behan, and Richard Huggins separately due to internal email server constraints. In addition, the demonstration will be posted to the facility's CCR Rule Compliance Data and Information website for reference, as well as submitted to the Indiana Department of Environmental Management's Commissioner.

If you have any questions regarding this submittal, please contact either Mike Brown, Environmental, Safety & Health Director, at 740-289-7299, or myself at 740-289-7267.
